VICTORY LOAN MEDALS

Chairman John G. Winn has awarded Victory Loan medals to the following persons who aided in the success of the loan in Montgomery county: Cecil Davis, Allen Prewitt, Jr., Ed. Prewitt, Ben R. Turner, Jr., David Howell, Thomas Coons, John Kelly, John Samuels, Will Day, G. C. Eastin, William Burns, W. B. Small, J. C. McNeal, Clay Pieratt, G. L. Howard, W. H. Wood, Roger D. Barnes, Louis Utz, S. C. Sharp, H. G. Hoffman, Mrs. Howard VanAntwerp and Logan Lilly. The medals are made from captured German cannon and are greatly prized by the recipients.

PASS EXAMINATIONS

The following pupils from the eighth grade have successfully passed an examination and will be admitted into the county high school next fall: Lillie Breeding, Rose Guy, Mannie Carl, Golden Wells, William Lloyd Garrison, William McCracken, Bertha Centers, Mabala Douglas, Carrie Pasley, Ethel Mark, Nellie Whitt, Daisy Rose, Candis Risner, Frank Moss, Stella Wilson, Gola Chase, Ruth Burch, Mary Jane Deathy, Ruby Lee McCormick, Elsie Clay Wyatt, Francis Wyatt and Elsie Ekidmore.

LAND SELLS VERY HIGH

At the sale of the small farm near the city limits belonging to the estate of the late S. S. Fizer, held at the Court House door here Monday, Mr. Price Calk purchased the land at \$352.00 per acre. The land adjoins other property of Mr. Calk's and he has a passway through it which makes it worth more to him than most any other person.

THE CENTENARY DRIVE

Montgomery county's quota in the Centenary drive was \$8,000, which amount was oversubscribed \$569.05 Sunday and subscriptions are still coming in. Leaders of the movement are confident of reaching \$12,500 before the drive closes Sunday night. Only members of the Methodist church are solicited and four teams of four members each are at work.

There was an all-day meeting held at the Grassy Lick Methodist church Sunday in the interest of the Centenary movement. The church's quota was \$3,000, which was oversubscribed. The Rev. W. W. Greene, of near Kiddville, preached at both morning and afternoon services. Dinner was served on the grounds.

MOVING DAY

Mr. and Mrs. Allie Ratliff will move this week to their handsome new home on High Street just completed by contractor A. E. Lawrence. This is one of the nicest and most modern homes in the city. Mr. and Mrs. M. O. Cockred will move to the Barnes' property on the corner of Main street and Samuels avenue. Dr. and Mrs. G. N. Cox have purchased the Winn bungalow on Sycamore street and will move to it this week. Mrs. Hattie Howell and Mr. and Mrs. Ed. Shackelford have rented rooms in the Hawkins property on Maysville street and will get possession at once.

ENGAGEMENT OF INTEREST

Colonel and Mrs. J. F. Allen, of Stanford, Conn., have announced the engagement of their daughter, Mildred, to Frederick Reid, son of William Reid, formerly of this city. The wedding will occur in the early fall. Mr. Reid is well known here and is the nephew of Mrs. George R. Snyder and J. Coleman Reid and Henry Reid, of this county.

CHAPEL EXERCISES

The senior class of Mt. Sterling high school conducted chapel exercises Friday morning. The special program was in honor of the mothers of the seniors. Each senior walked to chapel with his or her mother and the parents occupied the regular seats of the seniors while the class conducted the exercises from the stage.

DELIGHTFUL ENTERTAINMENT

The dramatic reading "Within the Law," given by Miss Slade, of Lexington, at the high school auditorium last night was largely attended and highly enjoyed. Mrs. John Burbridge of this city, soprano, shared honors with Miss Slade. A nice sum was realized which will go toward a child mission fund.

GRADUATES AT LOUISVILLE

Miss Martha Simrall, of this city, was one of the graduates of the Norton Infirmary Training School for Nurses at Louisville last week. Miss Simrall, who is the youngest daughter of Dr. and Mrs. W. T. Simrall, was born and reared here and has many friends who will be interested in this announcement.

KENTUCKY HAS A NEW GOVERNOR

Lieut. Gov. James D. Black became Governor of Kentucky Monday at noon, when Gov. Owsley Stanley took the oath of office as United States Senator in Washington. The inauguration ceremonies were without any special features.

JUDGE CARROLL VISITS OUR CITY

Henry County Candidate For Governor Speaks at Court House Here Monday.

Judge John D. Carroll, of Henry County, Democratic candidate for the nomination for Governor, addressed the voters of this county at the Court House here Monday, in the interest of his candidacy. While only a small crowd was present to hear the distinguished jurist, his remarks were given close and careful attention. He was introduced by Hon. Jno. G. Winn, of the local bar. Judge Carroll, who is now Chief Justice of our Court of Appeals, is well and favorably known here, particularly with the legal fraternity and is highly regarded as a scholarly gentleman and exemplary citizen.

The principal part of his speech was given over to a discussion of the present tax laws, the repeal of which he strongly opposed. While admitting the rate of taxation on money, stocks and bonds as compared with land was unfair, he expressed a belief that it would be impossible to get that class of property listed, unless it were favored with an extremely low rate.

As a solution of the present troubles, he suggested the total exemption of farm lands and town lots from taxation for state purposes, letting the state get its revenue from the taxation of franchises, etc.

This plan is opposed by Gov. Black, who says it is impossible and impracticable, since now, taxing land to the uttermost, as well as every other specie of property, the state does not seem to be able to raise enough revenue. How, therefore, could the state exempt land, now furnishing the bulk of its revenue, and hope to make both ends meet, he asks. Such a course would force the state into bankruptcy and cause our schools to be neglected and all branches of our government suffering.

fer, thinks he. He also asserts that to rely on revenue from franchises and personality alone, for state purposes, would make the rate confiscatory and thus force this form of property to leave our state, which is exactly contrary to our desires, as we want capital to come to our state and develop our untold resources. He further asserts that only in large manufacturing states is such a plan feasible and that it is thoroughly out of the question in an agricultural state like Kentucky. As a solution, Gov. Black suggests that the rate on personality be raised.

Col. Henry H. Denhardt, on the other hand, says too much arbitrary power is given the State Tax Commission; that land is made to bear too great a percent. of the burden of taxation and while he does not favor a return to the old law, which was as crude as the present law is cunning, he thinks the law now is so faulty as to justify its absolute repeal. He then favors a law containing all good features of the old and new laws, to be framed by tax experts, with an eye singled on giving equal justice to every class of property. Especially does he want to give the local boards some voice. As it now is, all they can do is to carry out the instructions of the State Tax Commission, or resign. Such a law, as he proposes, fairly administered, will raise without taxing the people to death, a sufficient sum to meet the legitimate needs of the state, says Col. Denhardt, especially if business principles and not politics are made the controlling influence in the administration of state affairs.

BURIED HERE

The body of Mrs. J. H. Combs, of Middletown, O., arrived here on the noon train yesterday. Funeral services were held at Spruce church in the afternoon followed by burial in the church cemetery.

You may have noticed that if an engineer gets killed the wreck is always blamed on the engineer.

CONGRESS CONVENES

The Sixty-sixth, or "reconstruction" Congress, called into extraordinary session by President Wilson from Paris, convened at noon Monday and Republican majorities in Senate and House organized both sides.

Representative Gillette of Massachusetts, was elected speaker of the House over Representative Champ Clark of Missouri, Democratic Candidate and former speaker, by a vote of 227 to 172.

Senator Cummings, of Iowa, the Republican candidate, was chosen President pro tempore of the Senate over Senator Pittman, of Nevada, Democrat, 47 to 42. Several Democrats were absent, but all Republicans were in their seats, two withholding their votes.

The Republicans of both sides also elected full slates of other officers and thus for the first time since 1911 returned to control of the national legislature.

Routine affairs of organization comprised the opening day's proceedings, both bodies adjourning until noon today, when President Wilson's cabled message will be read separately in the Senate and House by clerks.

PLANNING BIG CELEBRATION

We have been informed that plans are under way for a mammoth Fourth of July celebration for this city. Those in charge of the work say that a band will be secured, horse races at the Fair Grounds, both trotting and pacing; a baseball game and if possible a midway and carnival company. It is planned to make this a general celebration for the returned soldiers and sailors of this and surrounding counties. Everything possible for the entertainment and amusement of the people will be had. The business men and merchants should be interested in this celebration as it will bring thousands of people to our city.

MUSICAL CONCERT

Miss Mary Dan Harbison, Soprano, assisted by Lieutenant Robert Harbison, Tenor, and Nelson Weeden, accompanist, will give a concert at the High School Auditorium next Friday evening at half past eight o'clock.

Each of these artists is well-known in Mt. Sterling and are recognized as musicians of the highest type and no doubt a large audience will be present to hear them.

The proceeds will be for the benefit of the Missionary Societies of the Presbyterian church.

TO SAIL JUNE 2

Major and Mrs. Lloyd S. Frazer will sail June 2, on the Aquitania for London, from where they will sail for South Africa, where Major Frazer will have charge of the Standard Oil offices at Johannesburg. He is now in New York, but will make a trip to Kentucky before leaving the states.

SUPERVISORS IN SESSION

The Board of Supervisors has been in session for the past few days and we understand have made numerous increases in city property assessments. Mr. H. C. Howell is Chairman of the Board. It is hoped by increasing the assessments that the occupation tax now in force in this city may be repealed for another year.

WILL PROBATED

The will of the late Mrs. Nancy Garrett was probated in the County Court yesterday. Under same all her property of every description is bequeathed to her nephew Buford R. Boone of this city. The estate is estimated to be worth about \$6,000.

FAIR CROWD HERE MONDAY

Good Run of Cattle on the Market But Prices Are Considerably Lower

Eight days of rain in two weeks but for a wonder Court Day was fair, warm and pleasant. Fair sized crowd in town, big run of cattle and a big slump in prices ranging from one to two dollars per hundred pounds. We are unable to see cause in slump except that cattle were selling too high or else the buyers were stocked or else they wanted to save their grass to strip the seed, for grass was never more abundant than at the present time and fat cattle are selling very high. There were 2,500 head on sale, about 1,000 head remaining unsold but will be sold today or held over to next Court. As an illustration, of the difference in prices of a month ago, 30 steers and 20 cows were sold by French Heaton on Saturday before reaching Mt. Sterling for 15 and 10 cents per pound, same kind selling for 12 and 8 cents. Most of cattle were sold by the head, the following sales show trend of prices:

Wm. Marshall bought 20, 550-lb. steers at \$70.

Winfield Keaton sold 12 steers at \$65.00, about 12 cents.

Mike Wilson, 28, 800-lb. steers at 13 cents and 9, 700-lb. cows at \$67.50

Sam Keaton sold 12 400-lb. heifers at \$48.00.

Owens & Richard sold 7 head of cows at 9 1-2 cents.

Few sheep on hand but sales were slow. Very few mules and market was dull. Good deal of horse trading. Good demand at fair prices.

SOLDIERS AND SAILORS

Mrs. R. G. Stoner invites all the white soldiers and sailors of the county, either in uniform or civilian clothes, who have returned, to meet her and a few friends at Longwood on Thursday of next week at 2:30 o'clock.

AGED LADY DIED

Mrs. Sarah Dicken, died at the home of her step-daughter, Mrs. Ella Gilkerson, Monday night, at twelve o'clock. Deceased was 60 years of age and had been in poor health for some time past. Mrs. Dicken was the widow of the late Dr. Will Dicken and moved here only a few months ago from Salt Lick.

She is survived by two sons, Samuel and Charles, one daughter and one step-daughter. The body will be taken to Salt Lick for interment Wednesday and services will be held in the associated church by Rev. Fryman. Friends will be sorry to learn of her death and the bereaved family has the sympathy of all who know them.

OLDHAM'S VICTORY SEEMS CERTAIN

PRESS OF STATE PRAISES YOUNG
WINCHESTER CANDIDATE FOR
LIEUTENANT GOVERNOR.

That R. C. Oldham's candidacy for the Democratic nomination for Lieutenant Governor has been favorably received there is no doubt. His campaign has been conducted in a progressive spirit and a determination to win. His friends have formed an R. C. Oldham Club to further his interests. The state press comments very favorably upon his candidacy.

"Col. Oldham is one of the most active young Democrats in the State. During many campaigns he has always been in the very heat of the contest in the interest of the Democratic nominees. It is our policy to refrain from committing ourselves in primary elections, but it is our purpose to support Col. Oldham throughout this campaign, believing that this sturdy young Democrat, if chosen, will fulfill every pledge in his platform and serve the constituency with honor and credit."—Daily Democrat.

"Oldham is a young man of sterling qualities and will do his duty as a public servant. We would like to see him elected to this office for we believe that he will serve the people of the state in a way that will cause no regret for having given him this honor."—Ewing Enquirer.

"The Journal of Labor can not fail to support a man who openly declares for such principles. We ask no favors of Mr. Oldham, but wish he were a candidate for Governor. He is a clean, honest and able young man, who is conducting a remarkable campaign. As he says, 'He has his hands in his own pockets—not the taxpayers.' There is no question but that Mr. Oldham will receive the votes of the wage-earners of Kentucky. Here's to you, Oldham; we believe that your principles will not only make you Lieutenant Governor, but carry you to the Governor's chair."—Journal of Labor.

"Oldham has shown himself to be conscientious in the discharge of responsibilities that devolved upon him, red blooded, patriotic and unswerving in integrity. He is above narrow, factional policies and holds a public office far above a salaried consideration. This brilliant young Democrat is offering his services to the people in the prime of vigorous young manhood and if elected to the high office he seeks the people whose appreciation of his ability and worth have placed him there will find in him a faithful, able and upright official, actuated by a love for their welfare and the glory of the State."—The Kentucky Knight.

"Col. Oldham is a progressive Democrat and progressive citizen and a successful lawyer. If nominated and elected we believe he would give a progressive administration and one that would prove creditable alike to himself and to the party."—Interior Journal.

The Oldham Club is doing some very effective work for their candidate independent of his campaign. They say "The club is formed to make absolutely certain the deserved success of our friend and candidate. We KNOW Oldham and want the people of Kentucky to KNOW him as we do. In laying the corner stone of his political career he said, 'I believe a public officer is only a servant of the people' and we know he means it."

TRAINING LITTLE CHILDREN

Suggestions by mothers who have been kindergartners. Issued by The United States Bureau of Education, Washington, D. C., and The National Kindergarten Association, New York, N. Y.

By Mrs.
Lenore R.
Ranus.

Everyone knows that a normal child has an active mind, but many parents do nothing to strengthen or train this vital part of their child's life, leaving all mental development to the teachers in the schools. Those parents are indeed fortunate who have kindergartens in their town or city, for the kindergarten gives systematic mental training to children as early as the fourth year.

The easiest way to teach a child to think is through play. The mother can begin to sing Mother Goose rhymes to the mere infant in arms. As the child grows he recognizes the words and often the tunes. Later, he will ask for his favorite songs or rhymes and then begin to sing or recite himself. Up to this point the mother has accomplished three things: strengthened the memory, cultivated an ear for music and the ability to carry a simple tune, and enlarged the child's vocabulary.

Be sure to use only the best grammar when talking to a child. Baby talk is funny for the grown-ups for a while, but the difficulty the child faces in overcoming this is tremendous.

As the child grows older a story hour should become a part of each day. This is really a lesson in language. The mother should begin with the finger plays when the child is 8 or 9 months old, such as "This is the church and this is the steeple," "Pat-a-cake," and the counting lesson, "The thumb is one; the pointer, two; the middle finger, three; ring finger, four; little finger, five, and that is all you see." "What the child imitates he begins to understand." That is the great purpose of the finger plays.

As the child grows other stories can be added to the story hour. A normal child, from about 2 years of age on, loves the stories of "The Three Bears," "The Three Pigs," "Little Half Chick," "Little Red Hen," and other similar simple tales, a list of which will be found at the conclusion of this article.

In telling stories to children, especially to very young children, avoid the element of fear. Children love best the stories they have heard before. A good rule is to let the child choose his own story. Mother can introduce a new story when she deems best. Another good plan is to have the child tell mother a story sometimes, as this will aid self-expression and be a lesson in language.

To teach counting, make use of the play spirit again. In bouncing a ball, repeat the old-time jingle, "One, two, buckle my shoe." You will be surprised at how quickly the little ones will begin to count. Again in building blocks, make a game of counting by saying, "Give mother one block," then "Give mother one, two, three blocks," etc. It is un-

wise to teach a child under 3 numbers higher than ten. They are well started if they are able to count as high as this correctly.

To develop the power of concentration, without which no human being can be successful in life, there must be a certain amount of directed play each day. Children are given this in kindergarten, and the mother can also give it to them in the home. When mother sews, the opportunity to direct play is at once afforded by having the child sit close by and sew a piece of loose-woven cloth, such as canvas or scrim. A big, blunt-pointed needle should be chosen for the purpose and tied securely to a heavy thread. When the child shows evidences of fatigue the work should be laid aside for another day.

Large, colored, wooden, kindergarten cubes and spheres, 1 inch in size, with a hole through the center to string on shoelaces, are also fine for a lesson in concentration. This occupation should be permitted only when mother is close by to watch and help.

(Kindergarten materials can be secured either from E. Steiger & Co., 49 Murray street, N. Y., or from Milton Bradley Co., Springfield, Mass.)

For a child of 3 or older kindergarten sewing cards which are perforated and to be worked in colored worsteds, are interesting and instructive. An economical way to procure such cards is for the father or mother to cut squares or oblongs out of cardboard, lightly trace an apple, ball, or some other object on one of the pieces and then perforate the outlines every half inch, making the holes as large as the head of a pin. These outlines can then be sewed by the child in bright colors, working up and down in the holes. Be sure the outlines of the object to be sewed are large, as small objects are too trying for young hands and eyes.

MORE HOUSES NEEDED

Never in the history of Mt. Sterling has homes been as scarce as at the present time, and there is a steady demand for houses at high prices, with none to rent and few good ones to sell at anywhere near their worth. We know of one real estate dealer who has ten applicants for good desirable rental property and a number of applicants to purchase nice homes, but he has been unable to locate his patrons. Mt. Sterling seems to be on a steady upward growth and it is the best and most opportune time for the capitalists who have money to invest to buy vacant lots and build

homes for rent and sale here. Good profits can be made on modern

priced homes to cost from four to

six thousand dollars. Inquiries on

farm lands are also coming in and

we believe that the lands will be

around the same standard of

prices as prevailed in the early part

of this year. The real estate out-

look is most encouraging.

Living Colt.

This horse is ideally bred, being by Bourbon Chief 976, dam Bessie Lee 1438, by Forrest Denmark 153, who has over fifty colts to his credit that sold for an average of over \$850.00 each. Second dam by Blue Jeans 3.

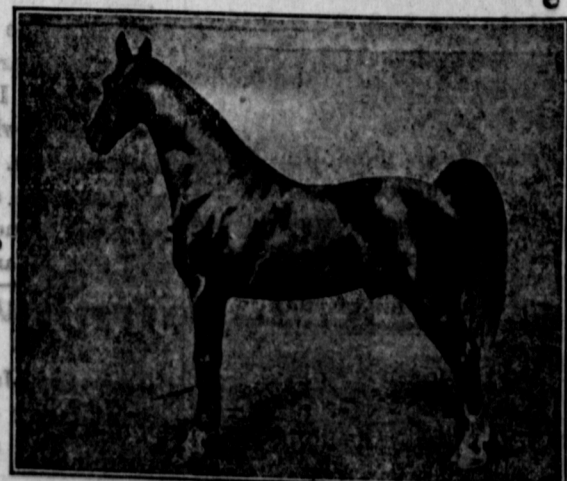

As an individual Sterling Chief is what a stock horse should be: Fine, plenty of type and finish, good size, 15.3 3/4 hands high, weight 1150 pounds, splendid bone and foot, action absolutely straight and true in all five gaits, perfect disposition and a natural tailed horse, this feature being of importance of breeders, having never been worked on in any way. Color,

As to his produce he has sired seven that brought an average of \$1357, and an indefinite number that sold for four or five hundred. His colts mature into the right kind for using horses as well as for show, as they have intelligence and can quickly be made into either driving, combined five gaited or running-walk horses.

That Salvation Army Smile

Several thousand veterans of the Argonne Forest recently entered New York harbor. Among them were several badly wounded Marines. One man, easily distinguished because of a coat sleeve that dangled empty at his side and a Croix de Guerre, was making his way slowly to the waiting ambulance when a Salvation Army girl approached him and offered doughnuts and coffee. "Now I know I am home," he said. "Those doughnuts helped a whole lot 'over there,' and, first crack out of the box when we land, we find more waiting for us. The best thing about the Salvation Army work out near the front line was the smile that accompanied the gift. Those girls had a knack of wrapping up every doughnut and every cup of coffee in a smile. The doughnuts were fine, but the smile—that took the place of powdered sugar." The Salvation Army Home Service Fund Campaign for \$13,000,000 opens May 19, to last one week.

DEVELOPMENT OF OLD KENTUCKY

(Cincinnati Enquirer)

Once upon a time Kentucky was described as the "State of whisky, race horses and tobacco." That was before much was known of her vast coal beds, less of her oil and gas pools, and when little attention was given her partially developed agricultural possibilities.

While one of her once dominant industries now has been paralyzed by the domination of prohibition, her breeding farms are more profitable than ever; she continues to grow around 400,000,000 pounds of tobacco annually and her agricultural interests have diversified and expanded wonderfully, so that this year her wheat area for harvest is more than 1,000,000 acres, with an officially estimated yield above 15,000,000 bushels, almost twice the annual average of the preceding decade.

As if to anticipate the loss from the closing of her many and great distilleries come the exploitation of her mineral resources and an offsetting accretion to her wealth. Already the coal developments have placed her among the leading bituminous States of the nation, and in the past twenty years they have attracted millions of capital from home and outside sources.

The development of her oil and gas fields has been more recent. Although oil was discovered in the State as long ago as 1819, it was not until 1905 that the production reached 1,000,000 barrels, only to

decline until 1916, when it again passed the million mark, and the estimate for 1919, just made by State Geologist W. R. Jillson, is for more than 7,000,000 barrels, the market value of which should exceed \$15,000,000. As to the natural gas production of the State, while its commercial value received later recognition, the sales have increased from \$2,500 in 1889 to close to \$2,000,000.

It is not many years ago that the older oil and gas producing sections of the country were the source of a propaganda intended to ridicule the Bluegrass State. Predictions were freely made that the Kentucky wells would prove of short life and that investments there would be lost. Now Kentucky is established as one of the reliable oil producers of the country, with old wells well maintained and new production steadily increasing. Last week one pipe line alone carried from the wells to the market approximately 18,000 gallons of the crude product.

So the "State of Whisky, race horses and tobacco" is fast becoming one of the great wealth-producing States of the Union.

The gold dust you raise on the road in the life race is what the world takes note of—and gets away with, if it can.

WHY COLUMBUS WAS MADE CENTENARY CITY

Has Largest Percentage of Methodists In the World.

What brought the Methodist Centenary Celebration to Columbus, June 20 to July 13, is the question in the minds of a great many Methodists and non-Methodists throughout the United States and elsewhere.

When H. B. Dickson was chosen organizing director of the celebration by the joint commission of the Methodist Church South and the Methodist Church North, he immediately set about to find the most suitable place for the greatest event of its kind ever held—a city which could take care of the 250,000 persons who would come to this gathering, and one which was so located that it could be most easily reached by the people most concerned.

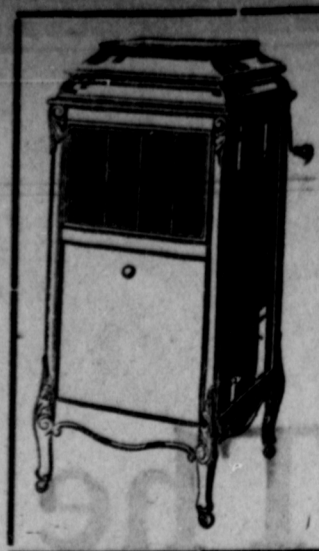

Mr. Dickson made a tour of a number of the principal cities of the United States, including Washington, Baltimore, Cincinnati, St. Louis, Kansas City and others of that class. He came back by way of Detroit, where he received instructions to go over the same territory again, stopping at cities that had not been visited before. On the way Mr. Dickson stopped at Indianapolis. Indianapolis tried to interest him by showing him the Indiana state fair grounds. This gave Mr. Dickson an idea, but he was not satisfied. Previously he had not considered the possibility of utilizing buildings such as constitute the equipment of a state fair grounds.

Next he came to Columbus, where he found the state exposition grounds, and he was captivated at once. "There is nothing like these accommodations anywhere in the United States," he said. But this was not enough to persuade the combined board of dignitaries of the two churches most interested. Then it was up to him to get an argument that would convince the bishops, district superintendents and others in authority in the churches.

Mr. Dickson began to draw circles around the cities of any size in the United States, to find out where the Methodists were to be found. In this way he discovered that there were more Methodist churches with 1,000 members and over in the city of Columbus than in any other city in the world. He also found that there were 100,000 Methodists living within two hours' ride of the city of Columbus, and more than 1,000,000 within a three-hour ride of the city; 3,000,000 Methodists within an over-night's ride of the city.

With reference to the Methodist Church South, it was found that there was no city the size of Columbus, even including Baltimore, Washington and Cincinnati, within an equally convenient railroad distance to as large a proportion of their membership as Columbus.

These facts laid before the joint Centenary commission settled all arguments and determined definitely on Columbus as the site for the Methodist Centenary Celebration in June and July.

COUNTRY ON EVE OF GREAT BUILDING BOOM

The information and Education Service of the Department of Labor estimates that the building deficiency in the North Central States as a result of the war is \$1,511,200,000. For the North Atlantic States, the survey shows the deficiency to be \$1,200,000,000.

In all of the States covered by the survey, building interests and real estate boards report a shortage of residential property, including apartment houses. There is a marked shortage of school buildings and most of the cities report a need of additional business structures.

Department officials think this deficiency must be made up, as well as that the current needs for 1919 must be met, and are encouraging a building boom that is expected within a few months to result in unprecedented building activity, which will do much to stimulate activity in many industrial lines.

ANOTHER WELL STARTED

On Monday morning, Mr. W. D. Newlon and others, of Oregon, started drilling for oil on the O. S. Sanderson farm, one mile west of this city. Mr. Newlon is very enthusiastic over the prospects and says he is confident he will strike oil.

REPUBLICANS NAME STATE TICKET

Kentucky Republicans, in convention at Lexington, Wednesday, named the following ticket to be pitted against the Democratic nominees at the regular election in November:

Governor—Edwin P. Morrow, of Somerset.

Lieutenant Governor—S. Thurston Ballard, of Louisville.

Secretary of State—Fred A. Vaughn, of Paintsville.

Attorney General—Charles I. Dawson, of Pineville.

Auditor—John J. Craig, of Covington.

Superintendent of Public Instruction—George M. Colvin, of Springfield.

Clerk of Court of Appeals—Roy B. Speck, of Bowling Green.

Commissioner of Agriculture—W. C. Hanna, of Shelbyville.

Treasurer—James Wallace, of Irvine.

The convention was cut and dried in every particular and the program as outlined weeks ago was put through without a hitch. Reports have it that the gathering was marked with harmony aside from a lively tilt over whether the present tax law should be indorsed. It is understood that Edwin P. Morrow, nominee for Governor favors the present law with minor alterations while Judge Ed. C. O'Rear wanted the entire repeal of the law a plank in the platform.

The convention refrained from making any indorsement for Railroad Commissioner and their candidate will be named at the August primary. Stanley O. Wood, of this city, is seeking the support of his party for Railroad Commissioner and friends say that he has strong support within the party and has an excellent chance of getting the nomination which is conceded equivalent to election.

BEWARE OF UNIFORMED FAKERS

The army isn't coming home in rags and tatters. It isn't a public charge. Discharged soldiers don't have to beg or to peddle souvenirs for a living.

American Red Cross, Lake Division headquarters, has been asked by National Headquarters to issue this second warning to people of Ohio, Indiana and Kentucky.

"The situation is becoming almost a menace," says the order.

The American Red Cross in every town and municipality in the three states of the Lake Division, is helping the man who comes home, to take up again the life he left to enter his country's service.

Red Cross Home Service workers are ready to help him get a job, and a good one. If he is in need of a little ready money, or his family is suffering, the Litera Cross, is ready with a hams and the old line of canned goods. It isn't necessary to beg, or to sell post cards, buttons or any kind of souvenirs.

Most of the uniformed peddlers are fakirs. They have no right to the uniform they are wearing. Many of them have never been inside an army camp. But it is fairly easy to fake a uniform, and get easy money from the patriotic public. "Don't encourage the man who commercializes his country's uniform. Don't buy his wares."

It takes most men a long time to discover that things won't come your way unless you go after them.

And the weaker a man is the easier he finds it to break a promise

KENTUCKY OFFICERS IN THE WORLD WAR

Kentucky has reason to be proud of the officers she furnished in the world conflict.

Rear Admiral Hugh Rodman, of Frankfort, commanded the American naval forces when the Germans surrendered their navy in the North Sea.

Maj. Gen. Henry T. Allen, who is a native of Bath county, commanded the 90th Division. He was awarded the Distinguished Service Medal.

Maj. Gen. James Franklin Bell, a native of Shelby county, trained the 77th Division. Gen. Bell died in January of this year.

Brig. Gen. Preston Brown, of Jefferson county, commanded the 3rd Division. Awarded Distinguished Service Medal.

Maj. Gen. George B. Duncan, of Fayette county, commanded the 82d Division. Awarded Distinguished Service Medal.

Maj. Gen. Hugh Leonard Scott, of Boyle county, chief of staff. Awarded Distinguished Service Medal.

Maj. Gen. William L. Sibert, of Warren county, was Director of Chemical Warfare Service, and was awarded the Distinguished Service Medal.

Maj. Gen. Frank Long Winn, of Clark county, commanded the 88th Division.

Brig. Gen. Logan Feland, of Christian county, commanded the 5th Marines. He was decorated four times and promoted for bravery.

Brig. Gen. W. O. Johnson, of Lawrence county, was promoted for bravery in action.

Short sketches of the lives of these men, and other noted Kentuckians, will be furnished to the news-

WELL KNOWN CITIZEN DIES

Mr. George W. Henson, one of the most widely known and respected citizens of Montgomery county, died at his home on Queen Street, in this city Tuesday night at 11 o'clock, after a brief illness of heart trouble. Mr. Henson was about 60 years of age and is survived by his wife and three children, Forest Henson, of Sideview, this county; Miss Blanche Henson, who resides with her parents, and another daughter, Mrs. Tiny Chase, of Robertson county. Funeral was held Thursday afternoon. Mr. Henson was for many years engaged in the tobacco raising business and was considered one of the best growers and handlers of the weed in the State. He was an excellent man, highly regarded and esteemed and his death causes much sorrow and regret among his acquaintances.

THERE may be some things that can be done well in a hurry, but pickin' a wife an' agein' a tobacco ain't amongst 'em.

ANNOUNCEMENTS

We are authorized to announce as a candidate for the Democratic nomination for Representative of the 95th Legislative district (Montgomery and Menefee counties) at the August Primary, 1919,
THOMAS L. CAUDEL.

GOV. BLACK'S OPPORTUNITY.

"The entry of Governor Black upon his duties is awaited with interest throughout the state. Those who are in office are wondering if he will undertake to molest their departments, and those who seek office are wondering if there is a chance. Some say that when July 1 arrives Governor Black will carry out certain agreements and understandings that are alleged to have been had during the last session of the Legislature relative to appointments to places that will be open on that date.

"There are others who express the belief that he will make radical departures from the outset, and that, unless he does something of this nature, he will be unable to make any further and necessary ground in his race for Democratic nomination to succeed himself."

In the latter part of the above observation, Mr. Thos. B. Cromwell, political correspondent of the Cincinnati Enquirer, correctly interprets, as we see it, the minds of many of Gov. Black's friends. It is hoped that he will not be a party to any promise which will hamper his official actions. If he re-appoints Mr. Ringo as a member of the State Tax Commission, or if he allows Mr. Greene to resign as Auditor and go in by appointment as a member of that Commission, for a term of four years, which will, of course, carry with it, the retention of Mr. Greene's son, as a state pensioner, then Gov. Black will lose many friends who look to him for better things. He must also adopt a different policy as to pardons, the useless employment of attorneys to aid the Attorney General and his many assistants, who are by no means overworked; must eliminate Hank Hines and his kind from public office; see that we have no more school book scandals and in short—give us a general housecleaning. We need it in Kentucky and as a Democrat who never failed to support our ticket, we hope to see a Democratic Governor wash our own linen and arrange our own household.

If, on the other hand, he fails to hear the call of duty, Gov. Black will overlook a splendid opportunity to better his state, his party and his own chances for the Governorship.

STAMPING OUT ILLITERACY

The actual percentage of illiterates within the draft age was 24.6. In other words, one out of every four could neither read nor write. Americans have prided themselves on their educational system, but the draft showed that no country had such a staggering percentage of aliens and illiterates. Being able neither to read nor write, these illiterates had little or no opportunity to know and appreciate American principles, ideals or government.

Through the mammoth school system that has been established overseas, the War Department is doing its part to stamp out this illiteracy. Of an army of approximately one and a quarter million young men in France on April 15, 210,000 had been enrolled in the army schools, 130,000 of them in the elementary schools, where they were being taught the rudiments. More than 50,000 who had been taught the elementary principles were in divisional or secondary schools.

Over here, Secretary of the Interior Lane had a bill before the last Congress proposing compulsory instruction of all under 24 in the English language and other branches, including American ideals and government. It died on the calendar because of the Republican filibuster in the last days of Congress. An awakened public will doubtless demand the enactment of Secretary Lane's bill or some similar measure by the new Congress.

Ginn secured permits to build residences on their lots in the Johnson addition and it is understood will start work shortly. An addition has been built to the Mt. Sterling Green-house.

It is understood that work will be started shortly on the addition to the hospital. Mr. Jackson D. Stofor has started building a home on his farm on the Camargo pike. Mr. and Mrs. G. C. Anderson will shortly begin work on a handsome home on their farm on the Fogg pike.

WILSON NOT IN RACE

Colonel Samuel M. Wilson, whose friends in the state have been urging his entrance into the race for the Democratic nomination for Governor, will not be a candidate, he said Monday night in an address before the Democratic Club of the University of Kentucky. Following a conference last week between Colonel Wilson and those friends who began the boom for him while he was in France, it was freely reported that he had decided to seek the nomination in view of the offers of support which the committee had received from all sections of the state, and his announcement came as a surprise to friends.

COLORED NOTES

Mrs. G. W. Adams, one of the fifteen persons who pledged themselves to raise one hundred dollars for the purpose of erecting a County Training School for colored people went out one morning and raised one hundred dollars from named persons, all colored farmers: Mr. \$50.00; Mr. Sam Jones, \$10.00; Mr. John William Kelly, \$10.00; Mr. Lewis Kelly \$10.00; and Mrs. Sullie Morton Kelly, \$5.00. Said amount has already been turned over to Miss Georgie V. Sledd, Co. Supt. This is the first one hundred dollars to be reported and Mrs. Adams and these farmers are to be congratulated for the ready and cheerful manner in which they entered into the work. Let us all emulate their example and at the earliest date possible raise our \$2,000 which amount has been apportioned to the colored people.

SHOW HORSE PROSPECT

Mr. Tom S. Wren has sold a half interest in a five year old gelding by old Bourbon Chief to Mr. Henry S. Gaywood, of North Middletown, who will have him trained for the show rings. He is a big handsome sorrel with a great head and ear and carries a splendid tail. Under the proper handling he should develop into an extra fine show horse. The price paid for the half interest was private but is said to have been a good one.

The advantage of the edge dropping system over the round hole system of planting is that the Black Hawk accurate dropping will increase the yield over the round hole plate planter enough to pay for itself in planting a very few acres, as illustrated in Table No. 4.

NOTE FOLLOWING TABLES

Table 1	100 square rods 43560 square feet
ONE ACRE CONTAINS	
2940 hills of corn planted 3 ft. 8 in. apart each way	
3555 hills of corn planted 3 ft. 6 in. apart each way	
3920 hills of corn planted 3 ft. 4 in. apart each way

Table 2	100 large ears of corn make a bushel
110 medium ears of corn make a bushel	
120 small ears of corn make a bushel	

Table 3	If each stalk bears a medium sized ear of corn the following will be the yield per acre:
Planted 3 ft. 8 in. each way and 3 stalks in a hill.....	88.3 bushels
Planted 3 ft. 6 in. each way and 3 stalks in a hill.....	96.9 bushels
Planted 3 ft. 4 in. each way and 3 stalks in a hill.....	106.9 bushels
Planted 3 ft. 2 in. each way and 2 stalks in a hill.....	78.9 bushels
Planted 3 ft. 0 in. each way and 2 stalks in a hill.....	88.0 bushels

Table 4	When corn is planted 3 ft. 8 in. apart each way a loss of one medium sized ear from
Every 2nd hill equals 14.7 bu. per acre, worth at present market prices.....	\$11.76
Every 3rd hill equals 9.8 bu. per acre, worth at present market prices.....	\$7.84
Every 5th hill equals 5.8 bu. per acre, worth at present market prices.....	\$4.64
Every 10th hill equals 2.9 bu. per acre, worth at present market prices.....	\$2.32
Every 20th hill equals 1.4 bu. per acre, worth at present market prices.....	\$1.12

the East End of London disguised in rags that she might help the unfortunate. When her father stood erect amid a storm of abuse and even physical violence she stood beside him.

She knows how the poor suffer because she has suffered with them. She knows there still remains in the wreck of a dissolute man a spark of manhood that will kindle a redeeming flame, because she has fanned many flickering sparks until her patient has regained his feet. She now heads the Salvation Army in the United States at the great moment of its career. The old time slurs and doubts have been banished. During the week of May 19-26 the Salvation Army will appeal to the people of the United States for thirteen million dollars to carry out its after-the-war program. CROP REPORT

Kentucky has passed the million acre mark in her wheat acreage and now has 1,046,000 acres left for harvest, as the crop came through the winter in such excellent condition that only one per cent of the big acreage sown last fall was plowed up for other crops. Its excellent condition, 102 per cent, now promises a crop of 15,257,00 bushels if

no serious injury occurs before harvest. Last year at this time the condition was 101 per cent, while the ten year average condition is 86 per cent. The entire United States winter wheat crop now shows a condition of 100.5 per cent compared to 86.4 per cent, May 1, 1918, while the total acreage is 48,719,129 compared to 36,704,000 acres last year. This indicates a probable crop of

899,915,000 bushels of winter wheat alone, compared to 558,449,000 bushels produced last year.

Rye and hay in Kentucky now show acreages slightly less than last year, rye 61,750 acres which is 0 per cent., and hay 1,050,560 acres, while is 2 per cent. decrease. Condition of rye is now 100 per cent and hay 95 per cent compared to 99 per cent and 96 per cent, respectively, this time last year. Kentucky farmers report 13 per cent of last year's hay crop still on farms compared to an average of 9.4 per cent for the entire United States.

Farm work is very unevenly advanced in this state, the farmers reporting 75 per cent of plowing and 48 per cent of planting done by May 1 compared to 75 per cent and 40 per cent May 1, 1918. Some sections are very well advanced while others are badly delayed by wet weather. Pastures show a condition of 92 per cent compared to 91 per cent May 1, 1918.

Livestock came through the winter in good condition both in Kentucky and in the United States as a whole. Spring lambs are doing well though occasional farmers report serious losses.

Mrs. E. C. Eskridge, of Ashland, formerly of this city, has received a telegram announcing the safe arrival of her son, Harry Eskridge, in America after a year's service with the American army in France. Harry's many old friends here will learn with pleasure of his safe return.

Buick

EVERYBODY KNOWS
VALVE-IN-HEAD MEANS BUICK

Nearly twenty years have been spent in developing the Buick Valve-in-Head motor, with the idea of getting the utmost from the possibilities of the Valve-in-Head principle of design.

As a result, the Buick motor today is remarkable for three characteristics which, to our mind, interpret the goal for which every motorist is seeking. These three virtues are—Power—Long Life—Economy.

Buick motors have always been noted for their Power, on the road as well as on the testing block.

Long Life has been secured by the skill and science that have been applied to their manufacture, in one of the world's largest and best equipped motor car factories.

Economy is the natural result of correctly applying the principles of the Valve-in-Head design. The minimized water-jacketed space, coupled with good design and extremely accurate manufacture, has demonstrated this fact to the satisfaction of Buick owners everywhere.

The Buick Valve-in-Head six-cylinder motor is available in six useful body styles.

BRIGHT OUTLOOK FOR AMERICAN BUSINESS

From all quarters of the country the most optimistic reports regarding business conditions are continually coming in. The outlook is most encouraging in practically every line. The spirit of optimism is in the air, and it is the confident belief of leaders in industry and finance that an era of unprecedented prosperity is ahead.

Even now many public and private undertakings are being crowded to completion. There is no difficulty in financing proper improvements, and an ever-broadening market for bond issues reveals the temper of the times. Enormous good road construction is in hand and is being planned, work with which the entire country appears to be deeply concerned. There is a dearth of dwelling-houses all over the land, and vast building activities cannot be long delayed. Everywhere there is a lessening in complaints of unemployment, and the prediction is freely made that before the year is out there may be an actual shortage of labor.

In all this present activity and optimism for the future the South has taken a leading part. The Construction Department of the Manufacturers Record bears testimony to this fact, for the construction news we publish each week, giving projects and undertakings planned and under way, has more than doubled in space since the armistice was signed.

There is room only for optimism in a survey of the field.—(Manufacturers Record, Baltimore, Md.)

LEAGUE'S RATIFICATION BY SENATE ASSURED

The Senate's ratification of the peace treaty, including the league of nations covenant, is assured, according to a poll of members of the Senate by the League to Enforce Peace.

The poll shows sixty-four Senators for the league, only twelve against, and twenty doubtful.

The twelve Senators definitely classed as opposed to the league are: Borah, of Idaho; Sherman, Illinois; New, Indiana; Lodge, Massachusetts; Reed, Missouri; Moses, New Hampshire; Frelinghuysen, New Jersey; Fall, New Mexico; Wadsworth, New York; Penrose and Knox, Pennsylvania; Poindexter, Washington.

Sixty-four votes are the two-thirds necessary for ratification, but the statement by the League to Enforce Peace indicates that a number of Senators who are classed as doubtful will probably vote for ratification, and that several of those classed at present as "against" will cast affirmative votes when the time comes. In fact, the list as made up by the League to Enforce Peace shows only four Senators as being unalterably opposed to the league—Senators Borah, Reed, Poindexter, and Sherman—and some of the more optimistic advocates of the league express the belief that when the covenant finally comes before the Senate for a vote, these four will be about the only ones who will stand out against the overwhelming sentiment of the country and oppose ratification.

SEWER MEETING POSTPONED

A very small number of property owners were present Thursday night at the Council Chamber when the meeting of citizens was called to consider the sewer question which has become serious here. It was decided to postpone the meeting until Tuesday, June 3, when it is hoped a representative gathering of citizens will be present to express opinions on the subject and to make known their preference between cutting down the trees or having the sewer system made useless.

Remember the time and place and if you are interested, attend the meeting.

PRIZE WINNING ESSAY

Written by Lucille Bush, aged 14 years. The second prize was won by John Samuels, aged 17 years. The prize was a German helmet.

Why My Mother Should Buy a Victory Bond.

The first reason why my mother should buy a Victory Bond and perhaps the greatest reason, is, that no one should ever break a promise. As a nation, we promised those at the head of our government that we would pay any bills they laid before us. Money was nothing then, when the lives of our men and boys were being sacrificed daily. We wanted them back. What was our gold in comparison? The second reason is one that hardly needs to be advanced—that it is practically the best paying investment one could make. The third reason is one that will open the pocket books of the most hardhearted. For the families of those who "sleep in Flanders fields," for those whose eyes are out, whose lungs are withered, or whose minds are blanks, the war—with all its horrors—will never be over. How little it is WE can do for THEM. Oh! won't you help? They have GIVEN so much. Can't you just LEND a little?

Why My Father Should Buy a Victory Bond

A master hand has drawn for you the picture of your returning armies. You have been told how, in the pomp and circumstance of war, they came back to you, marching with proud and victorious tread, reading their glory in a nation's eyes. Now father, American citizen, it is your duty to finish the job. Subscribe to the Victory Loan that these men in khaki made possible. Not only support your government but prove to your countrymen, YOUR BROTHERS, and your own son that their labor, sacrifice, and success are appreciated and were not carried on for naught. Finish the job and clear the way for a Golden Age—peace, prosperity and advancement. Do not be so disloyal and ignorant as to stumble on the home stretch.

Today, opportunity knocks at the door of the United States. What is your answer American citizen?

This country has grown great by clinging to the principles and policies of Thomas Jefferson. This country has grown great because it is the land of the free. This country has grown great because it is the land of opportunity. This country has grown great because its resources are the richest of those of any nation under the sun of the universe. This country has grown great in spite of prodigality of its sons and daughters, their splendid generosity and the reckless indifference of statesmen in voting away the public heritage to private individuals or corporations. And America is great because its government is founded upon the principles of liberty and justice has been its guiding star.

A man needs a set of tools when he wants to fix something around the house. But a woman can get along with a hairpin.

All you have to do to make a man think you are smart is to make him think he is smart.

COLORED COMMENCEMENT

Prof. George W. Adams, Superintendent of the Colored City Schools, has announced that the Commencement exercises will be held next Monday night, May 26th, at the Colored Methodist Church beginning at eight o'clock. In addition to the address to the class by Prof. J. R. Jones and a sermon by Rev. W. H. Brown, a splendid musical program has been arranged.

Prof. Adams is especially anxious that the white people who have shown an interest in the colored schools and the work that is being done here among the colored people come and see what progress has been made.

Editor's Note:—Prof. Adams and his wife have done more for the progress of their race and the upbuilding of the colored school in the limited time they have been here than had been accomplished in many years previous and these worthy colored people deserve the assistance and encouragement of everyone.

AGED MINISTER LIKES TO GO AUTOMOBILING

Will Attend Methodist Centenary
Celebration June 20-July 13.

REV. ALBERT VOGEL.

Aged Minister to Attend Methodist Centenary Celebration.

Rev. Albert Vogel of Geanette, Pa., at the age of 102 is praying every day that his life may be spared to enable him to be present at the Methodist Centenary celebration which will be in Columbus, O., from June 20 to July 13.

Entering the ministry before the age of 25, he has occupied the pulpit for more than 80 years. In the early sixties he was pastor in Bucyrus, where he established lifelong friends. When 100 years old he visited that city, the event being the laying of the cornerstone of the Methodist church.

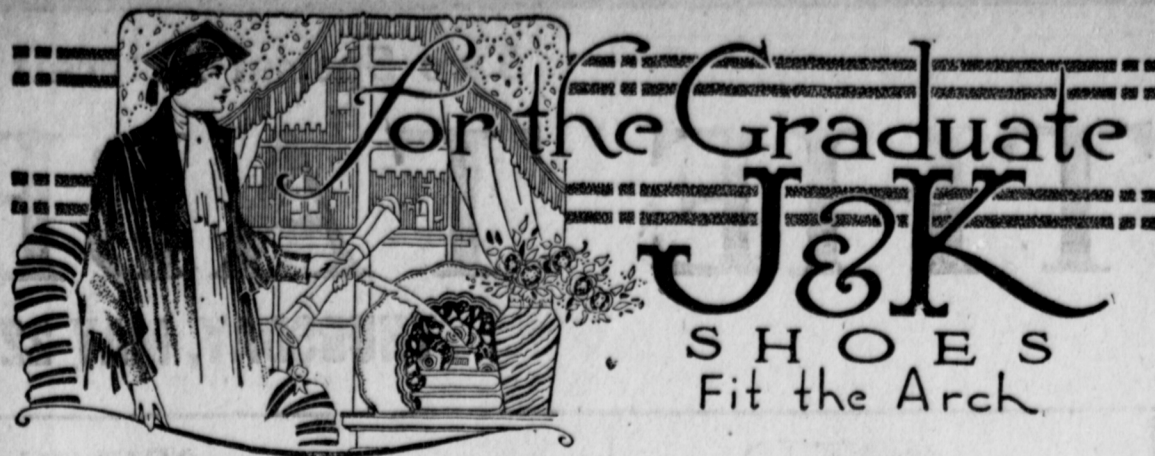

The centenarian has a keen sense of humor and believes in practicing some of the health rules as set forth by Dr. Charles Barker, the national health expert. Vogel looks like a man of 60 and his hearing and sight are unimpaired. His step, too, in spite of his old age, is firm and steady. All of these things he attributes largely to long walks and early rising.

SHOULD REGISTER EARLY

Visitors to Methodist Centenary to Be Well Cared For.

The one plea of H. B. Dickson, organizing secretary of the Methodist Centenary to Methodists North, South, East and West, is that visitors register early. The registration fee is \$5 for an individual, or \$10 for a family, including all members under 21. Registration covers admission to the exposition grounds each day of the celebration at Columbus, June 20 to July 13, and it also secures the services of the Methodist Celebration housing committee.

"There is no use mincing matters," says Mr. Dickson. "Those who register earliest will get the best services and best accommodations. We are trying to provide for an eleven hour rush, but it is never so satisfactory to work under those conditions as when people take matters in their hands early enough to get good attention."

"THE QUALITY HOUSE THAT SERVICE BUILT"

LOCAL IMPROVEMENTS

The successful business man must base his life upon honor and integrity. Beyond and outside of these, he must have the compound of initiative, aggressiveness, determination, practicability and vision which America, in her love for condensation, has chosen to style "pep."

The successful, wideawake and progressive town must possess the same qualities. It must have the judgment to realize that its prosperity and growth depend on the home advantages and business ad-

vantages which it can offer. And it must have vision enough to see that expenditures which secure these advantages are not an extravagance, but an asset.

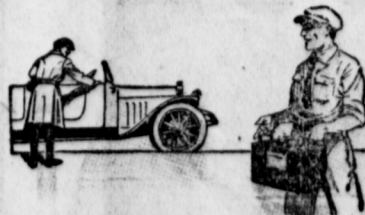

Money spent in local improvements such as public buildings, good streets, sewers, city water, etc., is money well spent. Undertaking any of these improvements is like making an excellent investment, which is bound to return dividends. The gain to the town reacts to the comfort and benefit of every citizen.

Who wants to live in a town without "pep," a town which drags out its monotonous existence without growth or improvement? When the question of a local improvement comes up, stand behind it, "boost" it, work for it, vote for it. Install local improvements, and you will see your town sought by business enterprises and manufacturing concerns.

It is up to you, Mr. Citizen. Stand up for local improvements first, last and all the time, and you will help make your home town a desirable place of residence and a progressive business center.

A lie has neither legs nor wings and unless you lend it yours it will be forced to stay right there and be buried where it is born.

'SPORTING LIFE'
A Paramount-Artcraft Special

FRIDAY UNLUCKY? NO! SAYS TOURNEUR

Producer Began Work That Day
on "Sporting Life."

The bugaboo that Friday is an unlucky day, does not alarm Maurice Tourneur, producer of "Sporting Life," the great Paramount-Artcraft special picture which is to be exhibited at The Tabb Theatre, Tuesday, May 27, matinee and night. The picture was begun by Mr. Tourneur on Friday, its biggest scenes were photographed on Friday, it was finished on Friday and when it was presented for the first time in public on September 15, 1918, it proved to be the biggest success the screen has ever known.

There are many thrilling incidents in the story of this superb adaptation of the great Drury Lane melodrama which has held the stage for more than twenty years. Chief among these are a prize fight in the National Sporting Club of London and a reproduction of Derby day at Epsom. The story has to do with John, Earl of Woodstock, who battles against odds to regain his lost financial position by backing two great sporting events, and whose efforts are nearly balked by an inveterate and unscrupulous enemy. The various roles are excellently portrayed by prominent screen artists.

ADOLPH ZUKOR Presents

ENRICO CARUSO

IN "My Cousin"

An ARTCRAFT Picture

Story and Scenario by Margaret Turnbull
Directed by Edward Jose

CARUSO IS A LOVER IN HIS FIRST PICTURE!

Yes, Enrico Caruso, the greatest singer-actor in the history of the planet has at last consented to go into motion pictures. In "My Cousin" he takes the role—to the life you bet—of a famous tenor. Being a genius he also takes another role in the same picture, namely, that of a poor sculptor, who falls desperately in love with his beautiful model. Caruso looks like a different man in each role, yet you have a feeling of the same mysterious brilliance underlying both. A picture to SEE—SEE IT!

MAURICE TOURNEUR
PRODUCES
'SPORTING LIFE'
A Paramount-Artcraft Special

DERBY IS FEATURE OF "SPORTING LIFE"

Many Other Thrilling Scenes in
Big Production

Chief among the big features that make "Sporting Life" so notable a photoplay, is a scene showing the English Derby at Epsom Downs. "Sporting Life" is an adaptation by Maurice Tourneur of the celebrated Drury Lane melodrama of the same name which was produced in 1897 and which has held the stage periodically ever since. It will be shown at the Tabb Theatre next Tuesday, May 27, matinee and night.

The story deals with a young British nobleman who seeks to rehabilitate his fortunes, which are at a low ebb. He is a thorough sportsman and he backs a prize fighter, and his own mare Lady Love, to win the Derby. Both events are carried through successfully, but not without serious difficulties laid in the young sportsman's path by a relentless enemy. There is a charming love story which holds much suspenseful interest.

The story is an excellent one and from every standpoint, "Sporting Life" is a most notable production. The principals in the cast include Ralph Graves, Warner Richmond, Charles Craig, Constance and Fair Binney, and Willette Kershaw.

Admission 13 and 22c plus tax.

"Lady Love has been stolen, Sir!"
MAURICE TOURNEUR presents **'SPORTING LIFE'**
A Paramount-Artcraft Special

"Sporting Life" is one of the greatest pictures that has been offered at The Tabb in many a day and the cast is rarely excelled. This special Artcraft Feature will be offered at prices of 13c and 22c, plus war tax, Tuesday, May 27, both matinee and night, at The Tabb Theatre.

Funiculi Funicula!
ENRICO CARUSO in **'My Cousin'**
An ARTCRAFT Picture

The immortal Caruso in a motion picture at last. The immortal singer-actor moves before your eyes. You would have to pay five or ten dollars to see him equally well at any metropolitan opera house. At The Tabb, Thursday, May 22, matinee and night. Regular Prices.

STATE BOARD OF HEALTH OF KENTUCKY. Regulation of the Traffic In and Handling of Eggs.

By virtue of authority vested in it by law, and on account of the importance of fresh, sound eggs as a food product, the State Board of Health, at a meeting held in Louisville, March 6, 1919, adopted and ordered promulgated the following rules regulating the traffic and handling of eggs to be used for human food in this Commonwealth:

Rule 61. Between May 15 and January 15 of each year, all eggs in the market, or intended for market, shall be handled only on a candling basis, and no payment either in cash or merchandise shall be made for those unfit for food. A statement shall be made in duplicate by the buyer of each purchase of eggs, showing the number of good, damaged and bad eggs in each lot, one copy of which shall be given to the person from whom the purchase is made, and the other to be kept on file one year, and subject to inspection at all times by any health or food inspector.

Rule 62. During the warm season all eggs shall be kept in a cool place, all lots of greater than 30 dozen shall be packed in strong, standard egg cases and fillers, well protected from breakage, all cracked ones being packed in separate cases from those with sound shells. From May 15 to January 15 of each year, each case of eggs shall contain upon the top layer a properly dated and signed candling certificate.

Rule 63. No person, firm or corporation shall sell, offer or expose for sale, or have in possession for the purpose of sale, any eggs unfit for human food, unless they are broken in the shell and then denatured in such a way that they cannot be used for food. An egg shall be deemed unfit for food if it be added or moldy, have black or white rot or a blood ring, has a bloody, white or adherent yolk, or if it consists even in part of a filthy, decomposed or putrid substance. Any person violating any of these rules or provisions will be subject to the pains and penalties provided by the statutes.

I hereby certify that the above is a correct copy of the rules on the subject indicated, adopted by the State Board of Health at a meeting held at the Seelbach Hotel, Louisville, on March 6, 1919. Witness my hand and the seal of the Board, this April 3, 1919.

J. G. South, President.

A. T. McCormack, Secretary.

MORE STREET PAVING

Following a petition by citizens on West High and West Main streets and Samuels avenue and the failure of residents along West Locust street to improve that thoroughfare according to their agreement with the City Council a few years ago, plans are being formulated by the Council looking to the paving of the above-mentioned streets in asphalt during the coming summer. West High and West Main streets will be paved to the city limits and Samuels avenue from Main to High streets while Locust will be paved from Sycamore to Richmond avenue and along Richmond avenue to the intersection

of Main. This plan will result practically in the entire west end of the city being paved as all the other principal avenues in that section were paved a few years ago. There is also some talk of extending the paving out Richmond avenue.

Flower Sale

The History Club will sell Hardy Plants of all kinds. Fine dahlias and other bulbs, zenia, aster, marigold, late tomato and other annuals; shrubs, cut flowers, peonies, roses, etc., suitable for Decoration Day. Sale held at Novelty Store vacated by Miss Nannie Reed on Main St., May 29th.

DR. GOODPASTER LANDS

A cablegram from Dr. Scott Goodpaster says he will land in the U. S. May 19. Dr. Goodpaster enlisted in the summer of 1917 as a surgeon and ever since been in hospital service in England and France. He enlisted as a Lieutenant but was later promoted to a Captaincy. He does not say whether he had received his final discharge or not. He will be given a warm welcome by his family and friends.

MISTORY CLUB MUSICALE

The Music Department of the History Club will give the last entertainment for the season at the club rooms Friday night, May 30th, at 8 o'clock. Mr. Vignette, of Lexington, violinist and Mrs. Thomas Robertson, of Bethel, Soprano, will be on the program while local talent will also participate. The music lovers are looking forward to the entertainment with much pleasure.

Renewed Testimony

No one in Mt. Sterling who suffers backache, headaches, or distressing urinary ills can afford to ignore this Mt. Sterling woman's twice-told story. It is confirmed testimony that no Mt. Sterling resident can doubt.

Mrs. G. B. Nelson, 43 Richmond St., Mt. Sterling, says: "Doan's Kidney Pills have been of great benefit to me and if I hadn't used them I would still be in misery today. I suffered with kidney trouble and my back ached so it nearly drove me wild. My kidneys. My I felt tired and worn out from the slightest work and the least thing would worry me and bring on nervous headaches. Doan's Kidney Pills made me feel like a different person." (Statement given February 24, 1908.)

On January 6, 1917, Mrs. Nelson said: "I have had little need of a kidney medicine since Doan's Kidney Pills cured me some years ago. They have never failed to help me when I have needed a kidney medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Nelson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

LONG TIME LOANS

We are making long time loans at a low rate of interest to farmers on easy terms, whereby the borrower is given the privilege of paying off all or any part of his loan at any time he chooses.

These loans are split up into equal payments and a small amount of the principal is paid each year; the borrower thus retiring his loan gradually, and in a few years he has paid it all off. We can save you money in interest and insure you against being called on to pay off your loan when times are hard.
